News Notes

SUBSCRIBE to this RECORDER.

Louis Brandley was a business visitor to Lethbridge on Tuesday.

Mr. and Mrs. W. S. Rouse were in Lethbridge on Saturday of last week.

We had a cold day Thursday with a light rain part of the day.

Mr. and Mrs. S. I. May were in Lethbridge last week.

Mr. and Mrs. Reg. Cooper and Mrs. Annie Thompson were in Lethbridge on Friday of this week.

A large number of Raymond people were in Lethbridge Friday for the Air Circus.

Several Lethbridge cars were here for the Stampede on Wednesday afternoon.

Magistrate J. W. Low was here on official business on Tuesday of this week.

Mr. and Mrs. R. W. Low of New Dayton, were Raymond visitors on Friday of last week.

Houses are being sought eagerly for the winter. Hardly a day passes that we don't have an enquiry or two.

Born to Mr. and Mrs. Lewis Brandley on Sunday, Sept. 14, a baby boy. Mother and son are doing nicely.

Mr. and Mrs. Davis Watson were Lethbridge visitors Saturday evening of last week.

Beets commenced arriving at the Factory early on Wednesday morning and now they are coming in an unending stream.

Mr. and Mrs. Grant Holt were in Cardston on Sunday visiting with Mrs. Holt's parents, Mr. and Mrs. J. Fred Nielson.

C. R. Wing was in Lethbridge on Monday afternoon attending the funeral of Mrs. Cummings a sister of J. T. Simpson.

Monday the thermometer was hugging the freezing point all day. It cleared away without storm or serious frost.

The bonds of the Town for the erection of the Town Hall sold at a good figure, the debentures have been issued and the money will soon be received.

Indians from all over the Reserve were here for the Stampede and some of them showed real class in riding and roping.

Sergt. Howard, R. C. M. P., Cardston, and his Indian Scout were Raymond visitors on Tuesday and Wednesday this week.

Combining and threshing is being finished this week. Luckily no heavy frosts have come yet and the grain is still in good shape.

"Andy" Lund was a whole midway on his old white "hoss" at the Stampede. The wonder is he's still together after his spills. Phil Hogeson made him a splendid second, even when Phil got kicked.

The Chapel of the Raymond Second Ward, which is being supplanted by the new and more commodious structure, has been sold to the local resident Japanese and is being remodelled to suit the needs of a Buddhist Temple. They have a resident minister here and their first services will be held on Sunday next.

Mrs. Hollander, a tourist of San Francisco, was instantly killed on the gravelled road 15 miles North of Cardston on Monday evening when the Chev. Coupe in which she and her husband were riding got out of control with a flat tire and turned over. Mrs. Hollander had her neck broken, and Mr. Hollander received a deep cut above the knee and was badly bruised up.

Splendid Stampede Program

List Of School Fair Prize Winners

Public School Hold Successful Track Meet

A new innovation, stunt, or whatever you wish to call it was held at the Public School on Friday afternoon last, when a Track Meet, under the direction of Principal J. Orvin Hicken and R. G. Kikham was held.

The Meet was to have been held on Wednesday. In conjunction with the School Fair, but the rain made this impossible, so it was postponed until Friday afternoon when the weather was better.

There were events for all of the students and competition was keen. Prizes were awarded for all events, these having been donated by the business houses, and ranged from chocolate bars to articles of merchandise worth \$2.50. The cooperation of the business men made the Meet more interesting and the Staff certainly appreciated this.

Following are the prize winners:

25 Yard Dash
6 years
Boys—Gordon Stone, Takeo O'Shima and Ray Zemp.

Girls—Janet Dahl, M. Piegras, and Donna West.

7 Years
Boys—Robert Walker, Grant Smith, and Doran Kenny.
Girls—Lily Mariyama, Betty Leavitt, and Helen Blackmore.

8 Years
Boys—Keith Humphries, Louis Chizmaizla, Mark Dahl and Henry Urshel third.
Girls—Heisby Orgson, Anna Sleir and Mouren Powelson.

9 Years
Boys—Robert Wood, Guy Christian Dick Rusk.

Girls—Theda Almond, Eva Cope and Verda Larsen.

50 Yard Dash
10 years

Boys—Frank Sadel, Ernest Urshel and David Wood.

Girls—Marjorie Litchfield, Mary Lelal and Mildred Boyce.

75 Yard Dash
11 and 12 Years

Boys—Max Heggie, Willis Taylor and Telford Clark.

Girls—Alice Card, Kathleen Hague and Margaret Heggie.

13 and 14 Years

Boys—Wayne McMullin, Max Heggie and Vee Keith.

Girls—Dressa Desck, Eva Hawkins, Margaret Crawford, and Ella McPhee third.

100 Yard Open

Boys—Wayne McMullin, Vee Keith and Max Heggie.

Girls—Kathleen Hague, Margaret Heggie and Eva Hawkins.

THREE LEGGED RACES

12 Years and Under

Boys—Dick Kinsey and Jack Gray; David and Robert Wood; Lyle Lybbert and Max Heggie; Alma Evans and Bruce Heninger.

Girls—Lavon West and Margaret Heggie; Kathleen Hague and Edith Hall; Zoe Zemp & Donna Galbraith.

16 Years and Under

Boys—Bruce Heggie and DeVar King; Bruce King and Wayne Hawk; Jack Gray and Dick Kinsey.

Girls—Lavon West and Margaret Heggie; Stacie Iwasa and Gabrielle DeMeester; Edith Hall and Kathleen Hague.

RELAY RACES

14 Years and Under

Boys—Max Heggie, Harold Eveson, DeVar King, Lyle Lybbert.

2. Jim Weaver, Morris Heninger, Max Hicken, Telford Clark.

3. Hiroshi Mariyama, Douglas Clark, George Heggie, Melvin Pickett.

Girls—Lavon West, Margaret Heggie, Margaret Lafferty, Lyle Lybbert.

Kathleen Hague, Mary Walker, Mary Knight, Edith Hall.

16 Years and Under

Boys—Gordon Ruttan, Howard Melchin, Wayne Rolfson, Wilson Rolfson.

DeVar King, Ellis Piegras, Grover Eveson, Bruce King.

The third team was disqualified.

Girls—Kathleen Hague, Ethel Ruttan, Gladys Nilsson, Maggie Crawford.

Verda Larsen, Dileen Meldum, Vera Nilsson, Violet Palm.

Rosmarie Wood, Bird Mendenhall, Maurine Redd, Wilma Piegras.

News Notes

Subscribe to the Recorder

Five planes flew over Raymond Friday afternoon.

Quite a number of Raymond people were at the Temple sessions this week from both wards.

Lou Kling left on Monday morning for his mission in the North Central States.

The familiar sound of the Factory whistles was heard at 7.30 Thursday morning when the outside heat handlers went on duty.

Constables Wm. Ellis of the A.P.P. and R. A. VanOrman were out on Monday checking up hunters and their licenses.

If you think minnurs Golf isn't popular you should have taken a "squint" at the course on Tuesday Wednesday.

"With By.d at the 'South Pole' was a thoroughly enjoyable picture from first to last. When it returns everyone who didn't see it this time should be there.

LACK OF LICENSE EXPENSIVE

It was an expensive day on Monday for a number of our local minnors when they were apprehended by police officers and were found without licenses.

They were tried before Magistrate J. W. Low on Tuesday morning, and each of them heard the fateful words "\$10.00 and costs" which amounted to \$14.75 that each contributed to the coffers of the province.

Goltre is less prevalent in coastal districts than in inland areas. The reason is that coast dwellers eat more fish, and fish is rich in iodine which is a preventive of goltre. Inland people should see to it that they get more sea fish.

The conjurer's turn had not been going too well. The audience received each trick in stony silence.

Not to be daunted, however he stuck steadfastly to his task.

"Ladies and gentlemen," he said, "if any person will oblige me with an egg I will perform an amazing disappearing trick."

Nobody seemed able to produce the article and after a momentary silence a voice called from the gallery:

"If anybody 'ere 'ad an egg you'd 'ave got it long ago."

SOCIAL VERY SUCCESSFUL

The Stake M.I.A. Social on Saturday night in the Opera House, was well attended by the officers of the ward organizations, and every ward was very well represented, despite the bad roads.

The program was in charge of Lewis Brandley and his part of introducing the Ward Presidents was full of pep in his verses called 'Jingle'.

Mrs. Asplund introduced the Stake Board members in poetry and jokes. Ira McBride and M. S. Earl Scoville lead a number of Fun Songs and Rounds and Staks Supt. C. R. Wing welcomed the officers on behalf of the Stake.

Games and dancing occupied the time until 11 p.m. when the party was dismissed after a thoroughly enjoyable get together.

WEDDING BELLS

HALL — KING

Dr. F. M. Hall and Miss Natona King surprised their many friends on the evening of September 6th, when they were quietly married at the home of the bride's parents, Mr. and Mrs. T. O. King, Bishop James H. Walker officiating.

The young couple will make their home here where both are well and favorably known and the Doctor has a large dental practice. They have the best wishes of a host of friends in their matrimonial journey.

GOOD STAMPEDE

The Stampede is over. Raymond is the gainer by some splendid advertising and several hundred dollars spent by competitors staying in town, and others.

The programs as already stated elsewhere, were A I and everyone that attended felt well pleased and satisfied with it all. The outside competitors were very well pleased with the treatment they received and promised to come again next year and we hope they will.

One feature which pleased us and made us mighty proud of the boys who promoted the show was their sportsmanship in going through the way they did with a losing game, and when it was all over digging, and digging deep into their own pockets to pay off their prize winners, and as far as we know every man who won a dollar and called for his money has been paid. Congratulations, fellows, that's real sportsmanship.

Along with C. M. Lund and M. E. Bascom who promoted the show, the other Lund, Bascom, Lybbert and Depew boys were there with bells on and because of small gates, took their shakings and spills all for the fun of it and helped show the people a real time.

We hope that next year a Stampede can be staged earlier, and more enthusiasm built up over it. This year people were busy harvesting and digging beet, and could not be expected to desert this kind of work. But, they missed a good show. Next year let's put it over with a bang and EVERYBODY do a little bit.

THE WEEKLY NEWSPAPER

A few years ago observers "saw" the large metropolitan newspapers with their wide land, in some cases, national circulation driving the rural press out of business. Some went so far as to predict a time near at hand when only very large communities could financially support even one paper. These groundless prophecies were inspired by consolidations and suspensions of weekly and small daily newspapers then taking place and still continuing in lesser numbers. But one could have predicted as easily the passing of the metropolitan press for wholesale consolidation and suspensions took place among city papers during the same period.

The truth is the country found itself in the position of having an excess of newspapers and some had to drop out of the long and bitter struggle for bare existence. The saturation point had been passed long ago, and the retreat to the point of satiety is now nearing consummation.

What has been the result? Better larger and more reliable newspapers are one result. And newspapers as a whole, from the smallest weekly to the largest daily, were never more prosperous.

Men everywhere are coming more and more to understand and appreciate the part the rural press is taking in the affairs of the nation. And its usefulness has increased with the public's confidence in it.

The metropolitan press with all its resources, cannot do for a community what the home paper can do. The home paper has responded to demands made on it. Often it is the Hansard of the community; its sympathies are wider, its kindnesses more apparent. It softens occasions for the unfortunate and omits much that might give pain; its understandings, while more parochial, are generally inspired by its closeness to what is happening to the individual and frequently by leaving a thing unsaid it earns an unspoken tribute in the hearts of the distressed.—Printer and Publisher

ON TIME

Now that the school calls at 9 o'clock every morning, in many a home both city and country, there is a grand and glorious scramble and rush to get the children off on time.

Some boys and girls never do acquire that most valuable of habits—punctuality—and they go through life trying to catch up and never getting here. Looking at lateness from the point of view of the teacher and classroom, it is one of the unpleasant and unpardonable annoyances that take the joy out of the day.

Looking at it from a health standpoint the child with his breakfast bolted and, his appetite unsatisfied

leaves a poor pupil. He starts the day handicapped.

The remedy is a simple one and holds the secret of a life's success. Examine a set of rules of the health game of the Junior Red Cross and it will be seen that one refers to sleeping. Going to bed on time is the key to the situation of being on time at school. This is too valuable a habit to be ignored. Let every mother have a set of health rules in the home. Write for your free copy to Junior Red Cross, Civic Block, Edmonton.

WIT AND WISDOM

"But surely," urged Jones, "seeing is believing."

"Not necessarily," replied Brown. "For instance, I see you every day."

"The world has no more precious possession than its spinsters," said R. B. Kerr. Yet the majority of them would like to be given away.

BEYOND HIS REACH

Abraham Lincoln was resting in a hotel lobby. As usual the village dudes had congregated there and one bolder than the rest said:

"Mr. Lincoln, your speech was good, but there were some points quite beyond my reach."

The simple Lincoln looked up and chuckled. "I'm sorry for you. I once had a dog that had the same trouble with fleas."

Here and There

(523)

Twenty-two days will be occupied by the annual tour across Canada to be conducted by Dean Sinclair Laird, of Macdonald College, when his party leaves the Windsor Street Station, Montreal, by special train over Canadian Pacific lines on Sunday, July 20. This year will be the seventh trip conducted by Dean Laird and, as in past years, will include automobile drives over the famous Banff-Windermere highway and from Field, via the Yoho Valley, to Lake Louise, as well as steamer trips across the Kootenay Lake to Nelson; from Vancouver to Victoria; and on the Great Lakes steamships from Port William to Port McNicoll.

Spring seeding in the west is proceeding at a rapid pace, according to report at the end of April from the agricultural department of the Canadian Pacific Railway at Winnipeg. Taking the three prairie provinces as a whole it was then estimated that 43 per cent. of wheat seeding is completed, with some districts in south-eastern Alberta reporting between 50 and 65 per cent. finished. Heavy showers have somewhat retarded progress in north-western Saskatchewan.

Twelve representatives of the New Zealand press are at present travelling through Canada via Canadian Pacific on their way to the fourth Imperial Press Conference to be held in London, Eng., next June. The members of this party with their wives and children have been visiting Banff and Lake Louise in the Canadian Rockies.

Contracts are let and grading has been started on three additional branch lines of the Canadian Pacific Railway covering 145 miles in Saskatchewan and Alberta. It is announced by the company's engineering department. These new sections of railroad will provide facilities for passengers and freight into one of the richest agricultural areas now under settlement and will give encouragement to farmers already settled in the areas affected.

With 1,969,200 pounds more fish landed in Nova Scotia during March, 1930, as compared with the same month of the previous year, fishermen of the province received a total of \$385,384 for their catch, according to the monthly report of the fisheries branch of the Department of Marine and Fisheries. Total quantity landed in March was 9,473,000 pounds.

The new Montreal Harbor Bridge, a two-mile span across the St. Lawrence River, built at a cost of \$12,000,000, will be formally opened on Victoria Day by Rt. Hon. W. L. Mackenzie King, Prime Minister of Canada. This bridge, work on which was commenced five years ago, is one of the longest and largest in the world.

Marquis wheat still constitutes more than one-half of the western grain crop. This is shown by the test samples taken from 48 cargoes of Canadian wheat exported to England in 1928-29 and reported by the Dominion Department of Agriculture. The tests were made at the Dominion Experimental Farm at Brandon from samples collected by the Canadian Co-operative Wheat Producers' export ports.

Calgary Fat Stock Show

There has just been issued from
the office of the Alberta Live Stock
Association, Calgary, the prize list
for the Calgary Fall Stock Shows and
Sales which will be held in Victoria
Park on the Exhibition Grounds
November 3rd, 4th and 5th.

Prize money to the total amount
of \$5,514 is offered in the various divi-
sions. This is divided as follows:—
open classes for cattle, \$2,170;
classes for sheep, \$1,620; open
classes for swine, \$1,179. In addition,
\$260 is the offering in the girls and
boys Pig Feeding Competition; \$153
for the girls and boys Lamb Feeding
Competition, and \$130 for the Lamb
Trimming classes. In the last men-
tioned class, \$100 of the total amount
is offered by Hon W. H. Cushing, who
has for several years taken a special
interest in this competition.

In addition to the show classes in
the different kinds of live stock, there
will be auction sales of beef and
dairy cattle, sheep and swine. Pure-
bred males and purebred and grade
females may be entered for the sales.
The prize list contains the rules
governing the sales, and blank entry
form are also enclosed.

It is necessary that entries for the
sales be in the hands of the secretary
by October 4th, but entries for the
show classes need not be made until
some time before October 25th.

Anyone interested may obtain cop-
ies of the prize list and entry forms
by applying to E. L. Richardson, Sec-
retary Alberta Live Stock Association,
Exhibition Grounds, Calgary.

Subsoiling Saves Winter Moistures

Let the first snow sink into the seed beds instead of forming
a frozen crust. Subsoiling lets the surface moisture penetrate
deeper to build up a reserve for your next year's crop. It's a job
that needs abundant power—CATERPILLAR TRACTORS have this
power. They'll do the job easily, cheaply and well.

The number of drinking vessels recently discovered among ancient ruins support the theory that they are of pre-historic origin.

175th ACADIAN ANNIVERSARY

English-speaking people from the Maritime Provinces and the New England States will join with French-speaking inhabitants of Quebec and of Louisiana in celebrating the 175th anniversary of the dispersion of the Acadians to be held at Grand Pre, Nova Scotia August 20 next. Invitations have been sent to the governments of Great Britain, France, the United States and Canada and also to the governors of Louisiana and Massachusetts to attend, while it is expected that the Lieutenant-Governor and Prime Minister of Nova Scotia will be present and will address the gathering.

Inauguration of the Acadian Historic Museum established in connection with the Grand Pre Memorial will be a feature of the celebrations. Acadians from all parts of the continent will be represented. Lay-out shows Church at Grand Pre and statue of Evangeline "weeping for her lost country." Inset is Evangeline's Well still supplying cold water as in the days of the dispersed colony.

ASTHMA

Asthma means a panting, there is shortness of breath sometimes to the point of extreme distress. Asthma and hay-fever are two similar conditions. When it is the nose that is affected we call it hay-fever, and when the bronchial tubes are involved we say it is asthma.

The condition is frequently due to the sufferer's being hypersensitive to some protein. Proteins are substances such as the white of egg, they form a large percentage of meat and other animal substances and are also present in the pollens of grasses and flowers, in the dandruff emanations from animals and also in dust. Bacteria or germs contain proteins.

For reasons which we do not understand, some persons become hypersensitive to one or more kinds of protein. The protein may be breathed in the form of pollen or dust. It may be eaten in food, or it may be present in bacteria which are living in the body.

This explains why some subjects of asthma have an attack if they apply a pillow, there is dust on it. A hypersensitive to the emanations from the horse. Another subject has an attack if he uses a feather pillow or sleeps on a horse-hair mattress, and another still, if he eats an egg. The reason is the same in all these cases a hypersensitive to some protein. If a certain protein is found, then it may be possible for the subject to avoid that protein. If eggs are responsible they can be eliminated from the diet and, in the course of time, the hypersensitive condition generally disappears.

It is possible to sensitize the subject for the responsible protein in certain instances. This is done for those suffering from hay fever when by means of the necessary tests for hypersensitivity, the pollen responsible has been found.

There is also the group of cases made up chiefly of older persons in which the condition is not due to any hypersensitivity to proteins. Such cases are frequently associated with heart and kidney disease.

The sufferer from hay fever or asthma should have his physician determine whether or not his condition is due to his being hypersensitive to some protein and if so he may hope for relief either through avoiding the responsible protein or by having himself desensitized.

Questions concerning Health, addressed to the Canadian Medical Association, 184 College Street, Toronto, will be answered personally by letter.

GET 'EM ALIVE

June Brides; Very fine, like new, former \$750 baby grand; special \$395. — Ad. in the Milwaukee Journal.

It is reported of the late Dr. McCosh while president of Princeton University, that a party was being held in one of the dormitories 'after hours' Thither the good doctor wended his way to investigate. To his knock at the door came the response:

"Who's that?"
"It's me," replied the doctor.
"Who's me?" came the query.
"Dr. McCosh," answered the doctor.
"You're a liar; if it had been old Jimmie he would have said 'It is I.' Go about your business—" Which Dr. McCosh said he did, on tiptoe, and refrained from telling the story for at least four years.

Did This Ever Happen to You?

READ WHAT EDMUND ENGLISH
FOUND OUT ABOUT G. W. G.
STOP-LOSS POCKET OVERALLS

Here is his letter.

Fleet, Alberta,
May 8, 1930
The Great Western Garment Co.,
Edmonton, Alberta.

Dear Sirs:

I am writing to tell you how you G.W.G. Overalls have saved me time, money and worry since I have been wearing them. I can recall, not many years ago, I wore, as well as all the rest of my former neighbors, just the ordinary every-day brand of overalls. Whenever any of them saw me buying a new pair of pants, they would say, "I am always losing my pants out of my pocket too." We all agreed that there were many more pants lost than worn out.

Last Fall I helped operate a combined harvester, and carried with me all the time a six-inch crescent wrench as well as a pair of pliers, carrying both in the Stop-Loss pocket on the right leg of a pair of G.W.G. overalls. I didn't lose either one all fall, and when working around a combine a man in fifty different positions every day. A fellow can tighten almost any bolt with a wrench and a pair of pliers, so when I could carry both right with me, without any danger of them slipping out of my

pocket, I saved time and consequently made more money.

In the summer-time I just wear one pair of overalls and so have to carry my watch in the watch pocket of the overalls. I always used a safety pin to keep the watch pocket closed until I got my first pair of G.W.G. Stop-Loss pocket overalls. I have never had my watch slip out of that pocket yet, but when a fellow wants it out, he can easily take it out.

G.W.G. overalls are going to be my overalls from now on, the tools I buy to carry with me will be with me when I want them.

Yours truly,
EDMUND ENGLISH.

G.W.G. Union Made Overalls—Shirts—Pants—Mackinaw and Leather Jackets for men and boys are obtainable from most good stores. If you dealer cannot supply you write direct to the Great Western Garment Company, Limited, Edmonton, Alberta giving his name.

Listen in on the G.W.G. high-class Radio Broadcast every Wednesday evening at 9 p.m. Station CKLC.
